Please have your veterinarian verify all health requirements with the State of Minnesota prior to completion of your health certificates as state health requirements do change periodically.
8. If you opt to, you may purchase banquet tickets in advance as noted on the entry summary page. This was a request by some exhibitors. You do not have to do this at the time of entry. Banquet ticket costs are approximate at the time of entry.

9. In all respective age divisions in the National Show, those divisions with 16-21 entries will have the top 60% of the placing animals sell in the order they place in. The remainder will be sold as random draw, with lot numbers drawn out of a hat. On age divisions with 22 or more entries, those divisions will be split into odd and even lot number classes, with 5-6 animals selected out of each class. Those 10-12 animals will be brought back in to be placed and will sell in that order. The remainder of animals excused from both the odd and even classes will sell as random draw.

10. Sale commission will be 10%. Transfer fees will be \$6.00/animal.

11. Each consignor **must** submit a minimum acceptable price prior to taking the animal into the sale ring. Any exhibitor not submitting a minimum acceptable price prior to entering the sale ring must let the animal go to the highest bidder. Minimum acceptable price sheets will be bright colors with separate colors for rams and ewes.
