***SEASON'S GREETINGS***

***WE WISH YOU A WONDERFUL  
HOLIDAY SEASON AND A HAPPY  
NEW YEAR!***

# FROM THE DESK OF THE PRESIDENT

Greetings,

I hope everyone has enjoyed this beautiful fall we have had so far. Christmas is right around the corner and 2021 will be in the books before we know it. I can't wait for January to start seeing the 2022 lambs. It truly is my favorite time of year.

Ram sale reports are showing a strong demand for quality Rambouillet rams and ewes. Hopefully the lamb market will stay high and producers can make some money. I was unable to attend the NAILE, but it looked like there was good participation. I think we were yet again short of the 50 head minimum. Time will tell if we get to keep our show or not.

Looking forward to 2022, Kristin and Mark Jenkins are hard at work putting together another great week for us in Springfield, MO for the National Show and Sale. Keep in mind while doing your holiday shopping, we need items for the junior auction. We have the best junior members in the world and we need to continue our support of them.

I would like to wish everyone a Merry Christmas and a Happy New Year.

Your President,

***BARRET MARSHALL***

## Secretary's Notes

Robbie G. Eckhoff

Greetings from the office of the ARSBA! Here we are at the end of another year. As time goes on, the years continue to speed by faster and faster.

We have hit the lull in the show season, as the summer and fall fairs are over, and the Texas shows are going to begin in January.

The summer and fall fairs went well as it appears we had great participation from coast to coast in the Rambouillet breed.

The 2021 North American International Livestock Exposition is in the books for another year. Our numbers were up over 2020, but we need to strive to get those numbers even higher in 2022. I want to thank Woody Joslin for making the trip to evaluate the Rambouillet entries.

The Wyoming and Dakota Ram Tests are underway, and we have a really good set of rams on both tests. These ram tests are another integral part of this breed as many producers, both registered and commercial, utilize this data from a centralized test to capture and identify genetics that not only work to improve their genetic lines, but work for other producers and the entire industry.

I want to remind all of you to get your 2022 dues paid as we begin the new year, and look to get any registrations and transfers completed on those 2021 lambs.

I wish I had more at the moment, but as most of you are aware of, the news is extremely slow at this time of the year.

In closing, I want to thank all of you for your continued support and dedication. Many of us have different goals in mind, but remember, to have success, **WE MUST WORK AS A TEAM!** I encourage all of you to work hard in continuing to promote and produce **REGISTERED RAMBOUILLET SHEEP!**
