90. Yearling Ewe

Kinsley 079 QR+ TW

Born: June 2010

S – Burch 1205 – RR/NN

D – Kinsley 941 (Stampede x Ego)

Last year we sold a Burch daughter here designed very similarly to 079 that produced the 3rd Overall lamb at the Nicollet Co Fair this summer. These Burch/Stampede ewes will throw some shallow chested, cool ribbed babies with outstanding hide and handle. She sells bred to Border Patrol, our new sire bred by the famous Gibbs program from south TX. A class winner out of the Yearling Crossbred Wether Sires at Sedalia this summer, Border Patrol is the most exciting addition to our program this year. Expect his abundance of stifle and bone along with his old school hamp character to really compliment this ewe and fast forward this mating.

91. Yearling Ewe

Kinsley 078 QR+ TW

Born: June 2010

S – Burch 1205 – RR/NN

D – Kinsley 941 (Stampede x Ego)

What this late yearling lacks in size she makes up for in her rib design and symmetry from the profile. She's bred to Kinsley 926, a full brother to the 732 ram used successfully by us and the Dingels family. 732 sired several jackpot winners and a 2nd in class at AK-Sar-Ben this year. 926 is a wider built, more powerfully muscled version of his brother and he stamps a consistently huge hip in his lambs. This year we only had six hit the ground out of 926, and averaged over \$500 on five that sold to MN, WI, OK and MS. The one to WI won a class at the State Fair 4-H show. Expect these lambs to be round bodied, big hipped sheep that show as middle weights most of the year and never come up short on muscle.

92. Spring Ewe Lamb

Kinsley 108 QR S

Born: Jan 2010

S – Burch 1205- RR/NN

D – DB 9205 – Big Easy x Direct Hit

108 is sired by the \$10,000 Burch 1205 ram that won the Feb Hamp Wether Sires at Sedalia in 2009 and out of a Big Easy Daughter from Dee Bros. Her sire generated more winners for us in 2011 including a class winning and 6th Overall Hampshire at the Tulsa State Fair and the Reserve Grand at the Tulsa County Sheep Show (OK) on a Natural Color. 108 is the last Burch ewe lamb we will ever sell and goes exposed to Johnson 279, a son of Trigger, the most dominant sire in the industry. We only had a handful out of this late born –09 ram, but we averaged over \$800 on the lambs from 279 and his first wether out was a Champion Hamp at the Tulsa County Sheep Show.. at only 94 lbs! Maybe the chest chance you'll have in the sale to put together both a high quality young ewe and a pregnancy with this much upside in one transaction.

93. Spring Ewe Lamb

Kinsley 140 QR+ TW

Born: Feb 2010

S – Wizard – RR/NN

D – 759 (Red Dirt x Dead Dale)

After having only used Wizard for one year, it's obvious his daughters will be a significant part of our future. This first group had many of our best late lambs as this spring and they grew out to make great looking yearlings. Wizard lambs have also proven very competitive in the show ring, highlighted by the Champion Lt Wt Division Champion at the MN State Fair FFA show last year. 140's full brother was Reserve Overall at the Wabasha Co 4-H Show in 2010. She sells exposed to our ram from Wise in CO. He consistently sires lambs with great rack shape and tremendous touch. Don't be surprised if she's making you money the first year.
